THIRD COUNT
SATURDAY, MAR. 15.

Now is Time to Get Down to
Hard Work.

The third count comes March 15th. You have golden opportunity knocking at your door, clamoring for admittance. It is up to you.

Have you seen a track meet? The man ahead has set a hot pace, perhaps for his own good. The trailer is coming into his own on that last lap. It is a magnificent exhibition of gameness the man behind gives as he comes from the rear with pounding feet and breath. At the very tape he snatches victory. It is inspiring.

Between now and the closing day of the third count, March 15th, there may be such an upheaval in the standing of the girls that today's leader may be down in the last by that time. They may not. They have shown splendid work in the past and let this be their warning. If they are wise, it will be. Over confidence has beaten more athletes than you can number.

Any of the prizes are worth winning, and are well worth working for. The Climax has pointed out the advantages of this popular voting contest so often that it will not reiterate the wonderful possibilities to the girls who undertook the race. It is an opportunity that offers itself but once in a life time.

The contest is nearing its final close, so get busy; don't let the days slip by without having gotten together a bunch of votes. Get your friends busy by getting busy yourself, that's what counts. By your endeavors you get the good will of others, and they in turn, by getting busy, interest others—an endless chain which works for your good.

Every interested merchant and the advertiser has plenty of coupons and is anxious to give them out when the conditions are fulfilled. Ask for the coupons—get your friends to ask for them. Don't let this beautiful Obermeyer piano which the Climax is giving away get away from you. Put on your hustling clothes and most engaging smiles and go after votes.

Remember to have your friends trade with the merchants who are giving the coupons.

Remember that many of our leading merchants are interested in the contest and are giving 25 vote coupons with dollar purchases. Also those who do not understand the rules and regulations of this contest can call at this office or write us and we will be pleased to go over the proposition with them.

Merchants' coupons, counting 25 votes can be procured with every cash purchase amounting to \$1 at

For every seven yearly new subscriptions we will give 10,000 extra votes, making a total of 14,000 votes.

For every seven renewal subscriptions 8,000 extra, a total of 11,500 votes.

For every seven back subscriptions, 6,000 extra, a total of 8,900 votes.

For every 40 merchants' coupons brought to this office and counted by the publisher or his assistants, a bonus of 1,000 extra votes will be given, a total of 2,000 in all.

One five-year paid-up subscription and two yearly paid-up subscriptions will credit the candidate with the 10,000 bonus vote, or any combination of paid-up new or renewal subscriptions, for more than one year, totaling seven subscriptions, will entitle the candidate to the 10,000 bonus vote.

All of the contestants should get busy and make the most of the time intervening between this date and that of the next count and roll up a large vote. From present indications there is big surprise in store for some one.

Mr. Geoffrey Morgan Chosen

Mr. Geoffrey Morgan, of this county, has been endorsed by both the State and Federal Departments of Agriculture, and has been engaged by the Christian county Crop Improvement Association as the county agriculturist and will enter upon his duties March 10. Mr. Morgan is a native of England and a practical farmer. For a number of years he was employed by the German government as a fertilizer expert. Mr. Morgan owns and operates very successfully one of the best farms in this county. The Hopkinsville Business Men's Association and the fiscal court have arranged for the payment of Mr. Morgan's salary, which we are glad to say is a handsome one, and his services will be at the disposal of all of the farmers of Christian county, whether they are members of the crop improvement club or not. Plans have been made to establish experimental stations at Hopkinsville, Pembroke, Grace and Crofton. One of the duties of Mr. Morgan will be to supervise the teaching of the rudiments of agriculture in the county schools.

Courts To Decide on Confederate Pensions.

The poor old Confederates are having a hard time getting the small pension of \$10 a month voted them by the last Legislature. The act provides a residence in the State of at least five years, a year's service in the war between the States, or until the close of the war, precludes a pension to veterans worth as much as \$2,500 in property, or an income of \$300 a year, and those with wives able to support them, or are themselves capable of making a living. It takes much time and considerable expense to prove up a claim, as the facts are not always easily procurable.

Up to this time nothing has been paid on them, as there is no money in the treasury available for the purpose, and it looks now like they will be held up by the slow processes of the courts. The bonding companies, which make Audit or Bosworth's bonds, have raised the question of validity of the claims, and that official has referred it to Attorney General Garnett, who will, of course, pass the question up to the courts for final adjudication.

There are several provisions in the constitution which seem to be against the pension law, but this one is relied on by the objectors. The Bill of Rights provides: "that no grant of exclusive separate public emoluments or privileges shall be made to any man or set of men except in consideration of public service." In States which have granted pensions to the Confederate veterans where a similar constitutional provision exists, the question has been settled in favor of the old soldiers. But the question is different in Kentucky. The States referred to succeeded from the Union and were a part of the Confederacy. Military service was therefore a public service for the States, whereas Kentucky did not secede and Confederate service may not be regarded as the service necessary to overcome the constitutional prohibition.

There are also other sections in the basic law which some think will conflict with the legislative enactment, especially that which prohibits class legislation. It may, therefore, be a long time hence before the poor old fellows get their pension that a grateful and sympathetic people desire they should enjoy. Many of them are in need of the necessities of life, and it is a shame that they should be denied a decent support, when the government is so liberal with those who responded to the call of arms. It is to be hoped that the question can be satisfactorily settled and the veterans of the lost cause receive their just due.

Democracy Comes Into Her Own.

"This is the day I long have sought, and mourned because I found it not." Who has not heard the grand old song commencing with the above lines in the Methodist churches of this land of the free and home of the brave? All of us have and have been thrilled by its beautiful sentiment, and today we have reason to give vent to our feelings and sing it from the house tops and high places and give thanks while we do so. After sixteen long years democracy comes into her own at this good hour. Blessed day! "Seems to us that now the sun will shine brighter, the air will be more free, and there will be more to live for, and that times and things in general will be better and the good will look even higher. Let us celebrate the glorious occasion fittingly and show our appreciation of being spared to again see the White House occupied by a democratic President by putting heart and soul into the old Democracy which we sing:

"Praise God from whom all blessings flow,
Praise Him all creatures here below,
Praise Him above ye Heavenly host,
Praise Father, Son and Holy Ghost."

Some politicians, very likely expecting an office under one of the presidents, tell the political man of the Louisville Times that the race for Collector in this district has narrowed down to the point

where only three applicants are "in line." S. E. Booth, of Lawrenceburg, R. M. Hunter, Nicholasville, and Judge C. R. McDowell, of Danville. This will not sound good to John R. Gibson, of this city, but being a man of "angusty" we opine he will put little or no credence in it. Statements from people who withhold their names carry very little weight with them. The Climax is still confident that a Madison county man will be the next Collector and this paper has fifteen dollars tucked away in its inside pocket to show that it is willing to stand by its prediction.

The President vetoed the Webb Liquor Bill, but it became a law despite him. The Senate passed it over his head Friday afternoon 60 to 21 and Saturday the House followed suit to the tune of 244 to 95. Senator Paynter voted against the bill and Senator Bradley for it. Of the Congressmen of Kentucky, Fields, Langley, Johnson, Thomas, Powers and Helm voted for it and James, House, Sherry, Stanley and Cantrell against it. Stanley got so "hot in the collar" against the bill at the last minute that he made a strong speech against it. What came over the spirit of his dreams we know not. He was conspicuously absent when the bill was first voted on.

EDITOR SAUFLEY, of the Stanford Interior Journal, always ahead of the procession, announces that he will issue very soon an Industrial Edition in celebration of the 50th anniversary of his excellent paper. Mr. Saufley is probably the most progressive member of the country press in the State and he inaugurates so many new ways of making his paper attractive that he kind 'er bewilder or dazes the rest of the country boys, and makes them not only sit up and take notice, but wonder what move he will make next.

Mr. Taft has not proven himself very great as a getter of votes, especially in his last race, but from all accounts he must be "some" preacher. A man who can preach an interesting sermon on the eve of his retirement, forced as it is, from the highest office in the land, as he did at the All Saints Unitarian Church in Washington City Sunday, must not only be a man of parts but must have each part down very pat.

DANVILLE's colored editor, Rev. J. E. Wood, of the Torchlight, is one of the few country newspaper men who was able to scrape up enough money to attend the inauguration today. He did not support Mr. Wilson, on the contrary he is an ardent old-line republican, and just wanted to see how a democrat would look in the White House. By the way, Wood is an unusually intelligent negro and a first-rate citizen. He is a preacher-editor and that may account for his having the "mon" to visit the nation's capital on this auspicious occasion.

GOOD BYE old republican party. You have been weighed and found wanting; you have sinned away your day of grace. May your shadow continue to grow less until you are entirely lost to view. You are "has been" of the Jim Jeffries ilk and it is not in you to come back.

PRESCRIPTION

For a Long Life.

This is the prescription for a long life given by an old gentleman in Connecticut, who is ninety-nine years old and still well and cheerful, "Live temperately, be slow to anger, don't worry, take plenty of exercise in the fresh air, and, above all, keep cheerful."

Should the system get run down—digestive organs weak—the blood thin and sluggish, take Vinol, which is a delicious combination of the medicine—body-building properties of cod liver, with the useless grease eliminated and tonic iron added. We regard Vinol as one of the greatest body-builders and strength-creators in the world for aged people.

Mrs. Mary Ivey, of Columbus, Ga., says: "If people only knew the good Vinol does old people, they would be unable to supply the demand; it is the finest tonic and strength-creator I ever used."

We wish every feeble old person in this vicinity would try Vinol on our agreement to return their money if it fails to give satisfaction.

ful 5 o'clock last Friday afternoon. Those present, besides the hostess, were Mrs. Hale Dean, Misses Martha Burke, Callie Miller Shackelford and Jella White.

Miss Mary Anne Collins gave an informal Saturday afternoon. Quite a number of her friends were present, including Misses Emma Sherry and Daisy Moore Porter, of Lexington.

Dr. and Mrs. Hugh Gibson left Sunday for Rochester, Minn., to spend some time in the north.

Dr. Gibson is an intimate friend of these distinguished men, whose operations with the knife have startled America.

Mr. Church, of California, who has been visiting his niece, Mrs. D. L. Cobb, in Burnamwood, for some weeks past, left Saturday for his home on the golden coast. He expects to return to Richmond in May. Mr. Cobb accompanied him on his return trip and will be gone about one month.

Mrs. B. F. Deatherage has returned from an extended visit to her grand daughter, Mrs. R. C. Logan, in Elliott, Iowa, and to her sister, Mrs. Mary E. Cobb, of Chautauk, Kas. She was accompanied home by her son, Mr. Jas. Deatherage, who went to Iowa for a visit to his niece, Mrs. Logan.

Mr. John W. Walker, formerly employed on the new railroad running from Winchester to Irvine, was here yesterday. He has surrendered his position and is an earnest candidate for the office of county attorney of Estill county. The county being republican in politics, Mr. Walker thinks his chances for election are excellent.

Mr. Hart Perry gave a very delightful dance at his home in Burnamwood Saturday night to Misses Eunice Katharine Shouse and Daisy Moore Porter, of Lexington, guests of Misses Eleanor Hazen and Marie Anne Collins. Some fifteen couples enjoyed themselves to the fullest. Refreshments were served.

The entire State press is showering congratulations on Mr. and Mrs. J. C. Alcock, of Jefferson, over the birth of a handsome son on the 10th of February.

This little man has been christened William Chauncey Alcock, and his father to be equally as proud as his proud parents. Mr. Alcock is the efficient secretary of the Kentucky Press Association and editor of the Jeffersonian.

There were between 2,000 and 2,500 cattle on the Richmond market yesterday and most all sold. Prices ranged from 3 1/2 to 3 3/4 and the demand was good. Quite a number of cattle brought here for court day sold Saturday, or the number would have run up to over 3,500 at the pens yesterday morning.

The male trade was very active and a large number of horses sold at \$15 to \$25. Horses sold at the way from \$30 to \$250. The crowd was unusually large and a great deal of business was transacted during the day.

Democracy Comes Into Her Own.

"This is the day I long have sought,
And mourned because I found it not."
Who has not heard the grand old song
commencing with the above lines in the
Methodist churches of this land of the
free and home of the brave? All of us
have and have been thrilled by its beau-
tiful sentiment, and today we have rea-
son to give vent to our feelings and sing
it from the house-tops and high places
and give thanks while we do so. After
sixteen long years democracy comes into
her own at this good hour. Blessed day
this. Seems to us that now the sun will
shine brighter, the air will be more free
and there will be more life for and
that times and things in general will be
better and the goose will look ever
happier. Let us celebrate the glorious
occasion fittingly and show our appre-
ciation of being spared to again see the
White House occupied by a democratic
President by putting heart and soul into
the old Democracy which we sing:
"Praise God from whom all blessings
flow,
Praise Him all creatures here below.
Praise Him above ye Heavenly host.
Praise Father, Son and Holy Ghost."

Some politicians, very likely expecting
an office under one of the gentlemen,
tell the political man of the Louisville
Times that the race for Collector in this
district has narrowed down to the point

where only three applicants are "in it."
S. E. Booth, of Lawrenceburg, R. M.
Hunter, Nicholasville, and Judge C.
R. McDowell, of Danville. This will
not sound good to John R. Gibson, of
this city, but being a man of "sympathy"
we opine he will put little or no credence
in it. Statements from people who
withhold their names carry very little
weight with them. The Climax is
still confident that a Madison county
man will be the next Collector and this
paper has fifteen dollars tucked away in
its inside pocket to show that it is will-
ing to stand by its predictions.

Tim President vetoed the Webb Li-
quor Bill, but it became a law despite
him. The Senate passed it over his
head Friday afternoon 63 to 21 and Sat-
urday the House followed suit to the
vote of 241 to 95. Senator Paynter vot-
ed against the bill and Senator Bradley
for it. Of the Congressmen of Kentucky,
Fields, Langley, Johnson, Thomas,
Powers and Helm voted for it and James
Rouse, Sherman, Stanley and Cantrill
against it. Stanley got so "hot in the
collar" against the bill at the last ses-
sion that he made a strong speech against
it. What came over the spirit of his
dreams we know not. He was conspicu-
ously absent when the bill was first
voted on.

EDITOR SAUFLEY, of the Standard In-
terior Journal, always ahead of the pro-
gression, announces that he will issue
very soon an Industrial Edition in cele-
bration of the 50th anniversary of his
excellent paper. Mr. Saufley is proba-
bly the most progressive member of the
country press in the State and he inag-
urates so many new ways of making his
paper attractive that he kind "er bewil-
ders or dazes the rest of the country
boys, and makes them not only sit up
and take notice, but wonder what move
he will make next.

Mr. Tarr has not proven himself
very great as a getter of votes, espe-
cially in his last race, but from all
accounts he must be "some" preacher.
A man who can preach an interesting
sermon on the eve of his retirement,
forced as it is, from the highest office
in the land, as he did at the All Saints
Unitarian Church in Washington City
Sunday, must not only be a man of
parts but must have each part down
very pat.

DANVILLE's colored editor, Rev. J. E.
Wood, of the Torchlight, is one of the
few country newspaper men who was
able to scrape up enough money to at-
tend the inauguration today. He did
not support Mr. Wilson, on the contrary
he is an ardent old-line republican, and
just wanted to see how a democrat
would look in the White House. By
the way, Wood is an unusually intelli-
gent negro and a first-rate citizen. He
is a preacher-editor and that may ac-
count for his having the "mon" to visit
the nation's capital on this auspicious
occasion.

Good bye old republican party. You
have been weighed and found wanting;
you have sinned away your day of grace
May your shadow continue to grow less
until you are entirely lost to view. You
are a "has been" of the Jim Jeffries ilk
and it is not in you to come back.

PRESCRIPTION

For a Long Life.
This is the prescription for a long
life given by an old gentleman in Con-
necticut, who is ninety-nine years old
and still well and cheerful, "Live
temperately, be slow to anger, don't
worry, take plenty of exercise in the
fresh air, and, above all, keep cheer-
ful."

Should the system get run down--
digestive organs weak--the blood thin
and sluggish, take Vinol, which is a
delicious combination of the medicine
"body-building properties of cod-
livers, with the useless grease elimi-
nated and tonic iron added. We re-
gard Vinol as one of the greatest
body-builders and strength-givers in
the world for aged people.

Mrs. Mary Ivey, of Columbus, Ga.,
says: "If people only knew the good
Vinol does old people, you would be
unable to supply the demand; it is
the finest tonic and strength-giver
I ever used."

We wish every feeble old per-
son in this vicinity would try
Vinol on our agreement to return their
money if it fails to give satisfaction.

Chronic Stomach Trouble.

There is nothing more discouraging than a chronic disorder of the stomach. It is not surprising that many suffer for years with such an ailment when a permanent cure is within their reach and may be had for a trifle! "About a year ago," says P. B. Sothorn and Marlowe at Lexington.

To appear at Lexington Opera House for three nights beginning Monday, March 24th.
E. H. Sothorn and Julia Marlowe, the two most important dramatic stars of the English speaking world, are to appear at the Lexington Opera House for three nights beginning Monday, March 24th. This will be the most important dramatic company that has visited Lexington in many years. Mr. Sothorn and Miss Marlowe will present three plays from their plays from their Shakespearean repertoire. On Monday night, Mar. 24th, they will appear in "Romeo and Juliet," on Tuesday night, 25th, "As You Like It," on Wednesday night, 26th, "Hamlet." There will be no Wednesday matinee. Many theatregoers of this city will doubtless desire to take advantage of this very unusual opportunity of witnessing three of the most popular plays of Shakespeare presented as they will be by two such famous stars. It will be a matter of interest to theatregoers that the prices to be charged for this engagement will be the same as usually asked by attractions of the first class. It is usual for Sothorn & Marlowe to ask \$2.50 and \$5 for orchestra seats in theatres of small capacity, but the Lexington Opera House has such a large seating capacity that they are able to play at the following scale prices: Orchestra, floor \$2, balcony \$2, \$1.50 and \$1, gallery 50c. The orchestra box seats will be \$2.50 each, and the balcony box seats \$2 each. The management has arranged to fill all mail orders accompanied by remittance, in the sequence of their receipt. This great organization when traveling from city to city uses a special train of eleven cars; seven cars of scenery, three Pullman cars for the company, and Mr. Sothorn and Miss Marlowe's private car. Each play is provided with a complete scenic equipment. Those desiring seats should order at once for this engagement, addressing their letters care of Charles Scott, Manager of the Lexington Opera House, Lexington, Ky.

ERECTING HIS OWN MONUMENT.

How Lester Bryant, the Boy Champion Corn Grower of Kentucky, Will Buy His Own Memorial With His Record Crop of Corn.

One very frequently hears the remark, "That fellow is erecting his own monument." No one in the Rockfield neighborhood last summer ever thought that Lester Bryant's record crop of corn would be the means of building him a monument. No one watching a vigorous youngster put his life and soul into the work as he did could have foreseen such an event, and yet it

LESTER BRYANT.

the plans of the Hon. J. W. Newman carry, and they are sure to, the boy will have erected his own memorial. At the funeral of Lester Bryant a few days after his tragic death at Washington Mr. Newman outlined his plan to a few close friends. The plan was so unique and so easy of handling that it was soon after decided upon. Mr. Newman has bought Lester Bryant's crop of fine Kentucky tested, Boone County White seed corn from the boy's father and had Dr. Matchler, the government expert in charge of the Boys' Corn Club movement, pick out fifty bushels of extra seed corn. This carefully selected stock seed corn will be offered for sale as the Lester Bryant Strain of Boone County White. It will be sold at \$1 per ear. All the money realized from the sale of this remarkable corn will be placed in bank at Frankfort to the credit of the Lester Bryant memorial fund. As there will probably be at least 350 ears in the fifty bushels of corn, a magnificent monument will be raised in the Bowling Green cemetery, where the boy is buried.

Kentucky's Boys' Corn Clubs.

The Boys' Corn Club movement is only two years old in this state, and yet big things have been accomplished. The Corn club boys, several thousands of them, are enthusiastic; but better than enthusiasm are the results that have come from the work. In the Washington state championships met in Washington this winter 41th the experts who had charge of the work in the various states, there was naturally a feeling of intense rivalry. Twenty of the southern states that had been pushing the Boys' Corn Club idea for several years, had records of 442 boys that had grown over 100 bushels on an acre. Alabama and Georgia each had over 100 boys with this record to their credit, but both of these states had been organized for club work for the past eight years. It is very gratifying to be able to write that Kentucky, with an organization of only two years, made a splendid record. Fifty-seven boys in Kentucky this past season grew over 100 bushels an acre. How many adult farmers did that well?

Best for Skin Diseases.

Nearly every skin disease yields quickly and permanently to Bucklen's Arnica Salve and nothing is better for burns or bruises. Sothorn and Marlowe, John Dey, of Gladwin, Mich., says after suffering twelve years with skin ailment and spending \$400 in doctors' bills, Bucklen's Arnica Salve cured him. It will help you. Only 25c. Recommended by all dealers.

The Easy Laxative

In justice to yourself you should try Rexall Ordinies—your money back if you don't like them. They are a candy confection that really do give easy relief from constipation.

Good health is largely dependent upon the bowels. When they become sluggish the waste material that is thrown off by the system accumulates. This condition generates poisons which circulate throughout the body, leading to a host of ailments, such as indigestion, loss of appetite, headache, dizziness and other annoyances.

Rexall Ordinies

Come in tablet form, taste just like candy and are noted for their easy, nothing action upon the bowels. They don't purge, grip, cause nausea, looseness, nor the inconvenience attendant upon the use of purgatives. Their action is so pleasant that the taking of Rexall Ordinies almost becomes a desire instead of a duty.

Children like Rexall Ordinies. They are ideal for aged or delicate persons as well as for the most robust. They act toward relieving constipation, and also to overcome its cause and to make unnecessary the frequent use of laxatives. They serve to tone and strengthen the nervous and muscular of the bowels and associated organs or glands.

Make Us Prove It

We guarantee to refund every penny paid us for Rexall Ordinies if they do not give entire satisfaction. We ask no promises and we in no way obligate you. Your mere word is sufficient for us to promptly and cheerfully refund the money.

Don't think that prove that Rexall Ordinies must be right? You must know we would not dare make such a promise unless we were positively certain that Rexall Ordinies will do all we claim for them. There is no money risk attached to a trial of Rexall Ordinies, and in justice to yourself, you should not hesitate to test them.

Rexall Ordinies come in convenient vest-pocket size tin boxes: 12 tablets, 10c; 30 tablets, 25c; 80 tablets, 50c.

CAUTION: Please bear in mind that Rexall Remedies are not sold by all druggists. You can buy Rexall Ordinies only at The Rexall Store.

There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Remedy for nearly every ordinary human ailment especially designed for the particular ill for which it is recommended.

The Rexall Stores are America's Greatest Drug Stores.

The Vulcan Chilled Plow : Long Past The Experimental Stage

It is featured by users as the BEST CHILLED PLOW manufactured. Superior construction of the best material by competent mechanics is responsible for its Strength, Durability, Light Draft, and Steady Running. To the four qualities are due its increasing popularity with the farmer and consequent increased sale by the dealer. It costs less to keep a "Vulcan" in good running order than any other make of Chilled Plow. Why? Not because Vulcan Points and Repairs cost less than others, but because the Durability and Wearing Qualities of the Vulcan parts are greater.

A FEW FEATURES
Landside, Saddle and Point are interlocked. Prevents straining out of shape. Moldboard is rib strengthened, reducing mold breakage to the minimum.
Shin Piece, Full Chilled, Always Sharp, Very Durable.
Point is of Chilled Iron, has patented extension face chisel and wide edge chisel. It is the strongest, best wearing, most economical chilled point made.
Do not forget the Corrugated Point. Says sharp longer, wears better, plows hard ground easier, and costs no more than a plain point. It makes no difference how much a farmer PAYS for a plow, provided he gets his money's worth.
